

The new Madras branch of the Mid Oregon Credit Union is set to open for business in late June. Bright Wood people can avoid the rush by picking up a membership application from the Personnel Department, filling it out, and returning it to Personnel. Open a savings account with just \$5. Mid Oregon Credit Union is the only option for associates wanting to deposit money into a savings or checking account through payroll deduction.

Credit Union Opening Madras Branch

by Wayne Hanson,
Business Development for
Mid Oregon Credit Union

After years of offering credit union services to associates, Bright Wood will soon see the long awaited new Mid Oregon Credit Union branch in Madras. Located at 395 SE Fifth Street (corner of 5th and "F" Streets), the local office will be opening in late June.

The new 2,500 square foot building will offer a full service retail lobby with teller and lending services as well as a drive-up ATM and a 24-hour access walk-up ATM. The Bright Wood Affinity checking account, which continues to be available with payroll deduction, will now be more convenient to maintain.

How to Join

For those who have not experienced the credit union, becoming a member is simple. You can obtain information on joining from Personnel. A membership application is available, and can be filled out in as little as five minutes and returned to Personnel.

Mid Oregon will then call you to set up a time to complete the process. It only takes a \$5 deposit to a savings account to begin. You also can wait until the branch opens, but the anticipated lines and new branch opening excitement make starting ahead of time a good strategy.

What Services are Available

If you want to know more about what Mid Oregon offers, you can ask one of the over 200 associates who

are already members. See the sidebar on this page for a list of service options. Personnel also has information on hand or you can learn more by visiting our web site at www.midoregon.com or calling 382-1795. Mid Oregon is the only credit union headquartered and doing business solely in Central Oregon. The almost 18,000 members who belong to the credit union are its owners, not merely customers. Credit unions are set up as cooperatives. Owned by their members and committed to their communities, co-ops have a fresh appeal today for consumers who want to feel they have more ownership in their financial decisions.

Attend the Open House

Mid Oregon will host the community at a Ribbon Cutting & Open House on Saturday, June 27th, from 11 a.m. to 2 p.m. Bright Wood associates will be very welcome at this event. We hope you can attend.
