You can't hug someone over the phone, so **Pam Brinkman** of Madras Plant 5 and **Pat Reder**, a case management nurse for Innovative Care Management (ICM), used the Benefits Fair to do just that. ICM's nurses provide free help to Bright Wood people with pregnancy, chronic diseases, and serious medical conditions.

Dena Simpkins takes advantage of Mountain View Hospital's free blood pressure and blood sugar tests while husband **Frank Simpkins**, Madras Plant 13, waits his turn. Mountain View has one of the most advanced Magnetic Resonance Imaging (MRI) machines in Central Oregon along with a digital mammogram machine. Your healthcare provider can view the images online instantly no matter where he or she is located.

The annual Benefits Fair always occurs during Open Enrollment so that attendees can easily switch between the basic and plus options for medical and dental coverage. It is also the one time a year people can take advantage of the tax savings offered by flexible spending accounts for health care and dependent care expenses.
