

Tuition Assistance Option

Want to give your children an educational leg up? Bright Wood's Children's Educational Assistance Program can ease the financial burden of post-high school education. The program is open to all full-time associates who have put in at least 6,300 straight time hours (approximately three years). To qualify, your children must be full-time students attending accredited U.S. colleges or universities and maintaining a minimum 2.25 grade point average (GPA).

Scholarship amounts vary year to year and are determined by 1) the funds Bright Wood sets aside each term/semester and 2) the number of associates requesting tuition assistance. Contact your site's Personnel Department to learn more about the eligibility requirements and take advantage of this potentially life-changing company benefit.
